## “Individual Fundraising for Trippers”

### **The Cost of International Travel and Participating in a GMT Trip:**

As the fundraising coordinator, and a GMT tripper, I am totally aware of that participating in a trip with Global Medical Training can be costly. From the cost of attendance, flights, equipment, scrubs, and anything else you may need as a tripper, affording a trip can be quite difficult. It is my job as the fundraising coordinator to help you afford your trip as much as I can. Please contact me via email at [gmtfundrasing@gmail.com](mailto:gmtfundrasing@gmail.com) if you have any personal concerns regarding your finances and your ability to attend a GMT trip. Myself and all of the officers are sensitive to your financial situation!

Participating in a GMT trip was one of the best things I have gotten the privilege of doing. I truly hope the attached Fundraising Checklist will serve as a guide to help you afford your trip.

# INDIVIDUAL FUNDRAISING CHECKLIST

---

- Create a gofundme!
  - Although crowdfunding may seem like a difficult way to raise money for a GMT trip, it can be incredibly effective if done correctly. \*I personally raised \$1,000 for my trip this way, and I know first-hand that there are other past trippers who have raised even more.\*
  - I will be present at the first Workshop on October 15th to give a short presentation about individual fundraising in general as well how to start a gofundme
